

Step 2: RN-Auditor online program - \$1299

Please see course outline at:

http://www.rn-coder.com/rn-auditor_courseoutline.html

This unique program, designed specifically for Registered Nurses and other clinical personnel since 2004, includes:

- 5 recorded web-casts each with its own powerpoint presentation and hand-outs for note-taking,
- 5 comprehensive workbooks,
- daily homework assignments
- 100+ case reviews for a variety of coding audits

Discussion of the 2012 OIG Work Plan and review of various OIG Compliance Programs; Medicare requirements for complete coding in various healthcare settings, including inpatient, outpatient hospital and physician services. How a fraud case is investigated. How a provider trains employees in compliance and how to respond to investigative demands. RACs, HCCs, APCs, MS-DRGs and how to assure documentation is complete. How to set up annual audits of hospital department documentation, as well as monitoring by RN-Coders and RN-Auditors in Revenue Management positions.

When online Final Exam is completed with a score of 70% or above, Certificate of Completion is awarded with 40 continuing education contact hours (CA BRN CEP# 13482). All classes taught by national coding/chart review expert Joyce L. Thomas, MHA, CPC, CCC-Advanced.

AACCA RN-Auditor Certification exam is available online. Membership in AACCA is required. Cost of certification exam is \$349. Re-takes of the examination is at the discretion of the AACCA Board of Directors. Go to www.AACCA.net for details.

NOTE: The RN-Auditor online program DOES NOT have to be completed prior to attending the New for 2012 RN-Coder ICD10 Institute, but it's a great idea!
